Proposal Narrative

ALICE is an acronym for Asset Limited, Income Constrained, Employed – households that earn more than the Federal Poverty Level, but less than the basic costs of living for the county (the ALICE Threshold). Households below the ALICE Threshold cannot afford the basics in the communities where they live.

ALICE is us, our friends, neighbors, coworkers and family members. We lean on ALICE for support, yet many ALICE households are one emergency away from a financial crisis impacting their ability to feed their families, heat their homes, maintain their houses and ensure their medical care. For a growing number of U.S. households, financial stability is nothing more than a pipe dream, no matter how hard their members work.
